

# CONTENTS

- 5     **PAVEL NASTASE, FLOAREA NASTASE, CORINA IONESCU**  
**Challenges Generated by the Implementation of the IT Standards**  
**COBIT 4.1, ITIL V3 and ISO/IEC 27002 in Enterprises**
- 21    **I. RADU, V. LEFTER, M. URSACESCU, C. SENDROIU, M. CIOC**  
**Decisional Simulation within Socio – Productive Systems with Entropy**
- 39    **VIRGINIA MARACINE, CAMELIA DELCEA**  
**How We Can Diagnose the Firms’ Diseases Using Grey Systems Theory**
- 57    **CONSTANTA BODEA, VIRGINIA ATANASIU**  
**Applications of the Hierarchical Structure with Two and Three Levels**
- 69    **VICTOR DRAGOTA, MIHAELA DRAGOTA**  
**Models and Indicators for Risk Valuation of Direct Investments**
- 77    **ALEXANDRA HOROBET, SORIN DUMITRESCU**  
**On the Causal Relationships between Monetary, Financial and Real**  
**Macroeconomic Variables: Evidence from Central and Eastern Europe**
- 95    **CARMEN RADULESCU, FLORINA BRAN**  
**Possibilities to Increase Irrigation Efficiency through the Optimization**  
**of Crop Structure**
- 107   **BERNARD MORARD, FLORENTINA BALU**  
**Developing a Practical Model for Calculating the Economic Value**  
**Added**
- 123   **ION IONITA, LILIANA MOGA**  
**A New Methodology of Projecting the Informatics Systems for**  
**Enterprises**
- 141   **CATALINA COCIANU, LUMINITA STATE, PANAYIOTIS VLAMOS**  
**Neural Implementation of a Class of PCA Learning Algorithms**

- 155 CARMEN HARTULARI, ANGELA GALUPA**  
**A Multilevel Cybernetic System to Control the Risk of Environmental Pollution**
- 167 ADRIANA AGAPIE, LUIZA BADIN**  
**Confidence Intervals for the Guesstimation Algorithm: A Bootstrap Approach**
- 179 PETRE CARAIANI**  
**Inflation Persistence and DSGE Models. An Application on Romanian Economy**
- 189 AHMED DRIOUCHI, CRISTINA BOBOC**  
**Do Better Health and Education Enhance Economic Development ?**
- 205 T. VASUDHA WARRIER, NITA H. SHAH**  
**Review Period Reorder Point Probabilistic Inventory System for Deteriorating Items with the Mixture of Backorders and Lost Sales**
